

WASTING SICKNESS

LOSS OF FLESH AND STRENGTH
WHICH PUZZLES DOCTORS.Mrs. Allaire Was Failing Every Day
and Her Physicians Could Not
Help Her.

"How many men and women are suffering from a debilitating illness for which doctors can find no satisfactory explanation and which ordinary medicines fail to cure. A recommendation of a change of diet is often the only advice given. Unfortunately, and to the detriment of the patient, many, however, are not able to follow such advice and, others, unfortunately, find no benefit from all their expense and trouble. This, for a long time, was the experience of Mrs. George Allaire, of No. 4 Knox street, Worcester, Mass. She says:

"I was so greatly run down in health that the doctor who was attending me said I would never get well. I was wretchedly ill, and continued to lose so much flesh that I was little more than skin and bones and I was ghastly white. I could eat nor sleep, could not work in fact, was so weak that I spent more days in bed than out of it. I suffered considerable pain in the region of the liver, my stomach was out of order and I was so miserable that I began to think the doctor was right."

"Finally, one day when the doctor was at the house to see me, I told him I was going to give Dr. Williams' Pink Pills for Pale People a trial. All right," he said, "do so. There is nothing more I can do for you."

"Imagine my feelings when, after taking Dr. Williams' Pink Pills for Pale People, the medicine which cured Mrs. Allaire, and thousands of others, an unfailing specific for all diseases arising from impoverished blood or weakened, unstrung nerves—two fruitful causes of nearly all the ailments to which mankind is heir. They have cured such cases of rheumatism, nervousness, spinal trouble, neuralgia, paralysis, locomotor ataxia, St. Vitius, and all forms of weakness. As a tonic, acting on both the blood and nerves, they have no equal. To be benefited by Dr. Williams' wonderful discovery you must get the genuine Dr. Williams' Pink Pills for Pale People. They will be sent postpaid on receipt of price, fifty cents a box, six boxes two dollars and fifty cents by the Dr. Williams Medicine Co., Schenectady, N. Y."

"Returning tourists with 'nothing to wear' have only to top up their wardrobe with the latest styles waiting for them. Come they even from across the sea. Buyers here have not been just ahead of them with the newest, most chic of European modes. The fall season is 'on' at Barr's great store."

OFFER WORK TO STRIKERS.

North Missouri Coal Operators in
Need of Miners.

REPUBLICAN SPECIAL.

St. Joseph, Mo., Nov. 10.—Mine owners in North Missouri, who have been greatly embarrassed by reason of the lack of help in operating their properties in the Revere and the Blount districts, today offered employment to the Colorado strikers.

Up to this winter, residents of the rural sections have spent the fall and winter months in employment in the mines, but under the agreement adopted at Kansas City last spring none but union men can be used.

Germania Museum is Dedicated.

Cambria, Mass., Nov. 10.—The Germania Museum at Harvard University, proposed years ago by eminent German-Americans and fostered by Emperor William of Germany and by Prince Henry of Prussia, was dedicated today. Within the museum are valuable gifts from Emperor William, Prince Henry and other distinguished Germans.

Versailles to Build Electric Plant.

Versailles, Mo., Nov. 10.—Versailles today voted bonds to the amount of \$10,000 for the purpose of erecting an electric light plant to be owned by the city.

WEAR AND TEAR.

The Experience of a Commercial Traveler.

"Traveling men," said Mr. Wilson of the firm of Nagle & Wilson, Atlantic avenue, Boston, "have to know how to save energy or else quit the road."

"Force is a stock in trade that diminishes at the end of the week, just as leather heels are worn out at the end of the month. But I have discovered how to save both force and footwear."

"Every day since the first of last December I have been walking on a pair of O'Sullivan's Rubber Heels that are certainly good for six months longer, and they have had a good grind, for I weigh 250 pounds."

If the last of the above tale is needed, \$50 a pair buys O'Sullivan's. Most dealers have them in stock. If necessary, send to the O'Sullivan Rubber Co., Lowell, Mass.

MONTANA COPPER
PLANTS TO RESUME.Governor Has Called Legislature
to Pass "Fair Trial" Bill De-
manded by Amalgamated.

AIM IS TO REFORM COURTS.

Mining Cases May Then Be Trans-
ferred if Judge Is Prejudiced—
Fully 30,000 Men Will Find
Employment To-Day.

Helena, Mont., Nov. 10.—Governor Toole this afternoon called a special session of the Legislature to meet on December 1 at Helena to pass laws to relieve the industrial condition in Montana caused by the shutting down of the Amalgamated Company's properties, whereby 15,000 were directly thrown out of work and 15,000 more affected.

The aim of the session is to pass a law whereby mining cases may be taken from one court to another, when the judge in the initial court is shown to be prejudiced.

Other legislation of like character has also been prompted.

A so-called fair trial bill of the character now proposed, was passed by the last Legislature, but was decided by the Supreme Court to be unconstitutional on technical grounds.

Recently at Butte, Judge William Clancy of the District Court, gave a decision in which he said that he might appoint a receiver at any time for the Boston and Montana Company, one of the largest constituent companies of the Amalgamated.

The decision was made on the application of John MacGinnis, a prominent holder of stock in the properties owned by the Amalgamated Company, of the Montana Ore Purchasing Company, which has been at war with the Amalgamated for years.

Upon this announcement by Judge Clancy, President William Scullion of the Amalgamated Mining Company, and general manager of the Amalgamated, issued orders to shut down all of the Amalgamated properties in Montana, and elsewhere, declaring that the company, unable to secure judicial fairness in the courts, could not continue in business.

Since that time Governor Toole has been overwhelmed with petitions signed by thousands of citizens of Montana asking him to call a special session to pass laws to relieve the conditions.

A result of Governor Toole's action the works of the Amalgamated company will to-morrow resume in various parts of the State. This includes the greater mines in Butte, the smelters of the Washoe Company in Anaconda, the largest in the world, the smelters of the Boston and Montana Company in Genoa, Falls, also in the copper country, the coal mines at the Ironsides, and the iron mines at the Northwestern, Montana. Probably more than 15,000 men will be employed directly in the plants of the Amalgamated, and that many more will indirectly receive employment in the way of furnishing supplies and the like.

CRIPPLED SAN JUAN VETERAN
DEFEATS A HIGHWAYMAN.

Patrolman Stewart Sprains His
Ankle in Rescuing Michael Kelly,
but Captures Patrick Fahey.

Michael Kelly, who lost both feet in the battle of San Juan Hill, wears a silver shin plate and has a bullet in his body received in serving with Roosevelt's Rough Riders, resisted the attempt of a footpad to rob him Monday night.

Patrolman Stewart, of the Central District, who went to the rescue of Kelly and captured Patrick Fahey, the Spanish War hero's assailant, slipped in the chase and sustained a sprained ankle.

The patrolman was not in a good humor when he found that Kelly would not prosecute Fahey on a charge of attempted highway robbery, and he sent both men to the First District Police Court yesterday morning to answer charges of disturbing the peace.

Judge Tracy fined Fahey \$50 and costs and he will go to the Workhouse. Kelly was discharged.

Fahey stated that he was attacked by Kelly at Seventh and Market streets and after being knocked down an attempt was made to rob him. Kelly fought the footpad, and the patrolman saw the struggle, ran to his assistance. Fahey fled and the patrolman pursued him. Despite the sprained ankle the patrolman caught Fahey after firing several shots at him.

WOULD NOT WEAR UNIFORM.

Employee in Street Department
Resigned Because of Regulation.

Because he would not wear one of the new uniforms of the inspectors in the street department, James Gallagher of No. 1212 North Second street has resigned his position. The uniform consists of a coat and cap. The coat is of military cut and on the lapel is the word "Inspector," and on the other is "Street Department."

The suit costs \$5.50, which each man has to pay. The uniform is put on the monthly pay roll instead of being carried by the day as heretofore, because there is sufficient work for them. This regulation is the only one of sixty who has thus far objected to wearing the new apparel.

WRONGED WIVES
LOOK FOR HUSBAND.

Apply for a Warrant Against
Frederick Hausmann Charged
Bigamy.

WEDS FIRST NINE YEARS AGO.

Man Accused of Marrying Second
in St. Louis Last August
Without Securing a De-
cree of Divorce.

Acting as their own detectives, two women who have certificates showing that they were married to him are searching the city for Frederick Hausmann and will add each other in prosecuting him on a charge of bigamy when they find him.

Both women visited Assistant Prosecuting Attorney Dalton yesterday and made application for a warrant against Hausmann. They told their stories and he informed them that it would be useless for him to issue the warrant until Hausmann is arrested, but that he would willingly do so in the event of arrest.

It was then that the two women, both of whom claim to have been wronged by the same man, started out on their search for the recent husband.

To Assistant Prosecuting Attorney Dalton the first Mrs. Hausmann, who, in law, is his only legal wife, said:

"My maiden name was Marie Wild. I was married to Hausmann in Philadelphia nine years ago. About a year after our marriage he left me and I heard nothing of him until recently, when I learned that he was here in St. Louis."

"I immediately wrote to the police and asked them to find my husband. I received a letter in reply in which I was informed that my husband had been found, but that he claimed that I was not his wife and that he had married another woman."

"Then it was that I decided to come to St. Louis, bring my marriage certificate and confront my husband. I found him employed at Spiegel's meat market, No. 25 Chouteau avenue. He was greatly surprised to see me when I entered the shop Saturday afternoon. I talked calmly and told him about our children. He asked me to wait until he went into the back room and got his coat; that he would go out with me."

"I waited two hours in vain and then found that he had departed by a rear entrance. Then I decided to look for the woman whom he had married after coming to St. Louis. I found her at No. 1306 South Ninth street."

Mrs. Hausmann No. 2 said she had no idea that Hausmann had another wife when she married him and has been over-whelmed by grief since ascertaining that she was so wronged. She is only 21 years old. She went to the police and was married to Hausmann last August.

The two women planned to capture Hausmann Saturday night, but he fled. The second wife was to wait until her husband came home and confront him. She called her brother who lives in East St. Louis, told him about it and induce him to help Hausmann arrested.

Hausmann returned home late Saturday night, but remained only a few minutes. He departed and has not been seen since. The first Mrs. Hausmann will depart for Philadelphia to-day if she is not able to find her husband, but says she will return to assist the second Mrs. Hausmann in the prosecution.

Big San Angelo Land Sale.

San Angelo, Tex., Nov. 10.—The sale of 10,000 acres of land in one body in Buntles County has just been closed here by W. H. Collins, agent for the Drum Commission Company of Kansas City. The price was \$5 and \$5.25 per acre, the highest on record in this section for so large a tract. The land will be cut up into small parcels and sold on fifteen years' time. Efforts are being made to prevail upon other owners of large bodies of land to follow suit, which will probably be done, since the present depression in live-stock values will not admit of the prevailing rate of lease.

The story is current among the politicians in St. Louis that Representative Hunt, who has just taken his seat in Congress, scored a neat coup on Joy, and that the latter is trying to wriggle out of a pit he dug for himself.

It will be remembered that immediately after the elections Mr. Joy filed a notice of contest against Hunt. There was no good ground for this action, and, after a little reflection, Joy decided that he ought to recall the notice and take no action in the matter. He accordingly recalled the notice, and the contest could not be maintained. Joy thought so, the story runs, that he ought to make good his bluff of a contest, not only for political reasons, but because of the expense money allowed by Congress to contestants.

Just before Hunt started for Washington, it is said, Joy asked him to return the papers so that he could again file a contest. Here is where the new Democratic Representative from St. Louis showed his wisdom. He had the papers, and he would not give them up. He thought it just as well to hang to them. If Hunt keeps the papers, as he intends to, he will be able to pass on Joy's possible contest himself, and be sure to retain his seat.

CAR ACCIDENT DAZED HIM.

Attorney O'Brien Unable to Account for His Strange Actions.

Attorney Edward J. O'Brien awoke in a cell of the Four Courts holdover yesterday morning to face a charge of being dazed. A policeman had arrested him Monday night near the Olympic Theater in company with a well-known beggar.

Mr. O'Brien can only attribute the peculiar predicament in which he found himself yesterday morning to a fall from a street car at Cardinal and Franklin avenues Sunday night. He believes that his mind was dazed by the fall, as he struck his head and sustained a wound on the forehead.
